Brands Hatch Indy  
07-08/06/2025

#### **Bulletin 4 – Clarification of Speedfest Silhouettes Grid and Race Start Procedure**

Both Silhouette/WRDA races will be split grids with the full Silhouette's grid starting in front of the WRDA. There will be no time delay, and all cars will start on the lights, although the WRDA will be 2 rows behind the silhouettes. Additionally, race two will have a semi-reversed grid for the silhouettes only.

A public draw will pull a number between 6 and 10 from the finishing position of race one, to determine how many cars are reversed.

Car 90 (Joe Russell) will start from the back of both races regardless of qualifying times or finishing positions.
