No Further Action

Report from MP2.2 that car 42 spun and continued following contact. Through viewing CCTV and in car footage i could see that several cars were involved causing the spin. The combination of contact before turn 2 and through the corner caused four cars to get very close, and there was various points of contact. Unltimately, i could not determine any one car being wholly or predominately responsible for the contact. Therefore i am unable to determine that any driver has committed an offence on the balance of probabilities.

You are reminded of your right of appeal. Any penalties applied will be recorded by Motorsport UK in accordance with NCR Ch.5a App.5 Art.2.3
