No Further Action

The track log recorded that car 56 (Jason Brown) spun at turn one from the start of the race and the driver explained the spin was caused by with Car 53 (Wayne Gregory). I have now had the opportunity to review the footage from car 53. I can see that car 56 started on the grid in the position immediately behind car 53. From the footage (car 53 has rear mounted view too), I can see that car 56 made the better start and moved around the outside of 53 approaching the first corner. 56 is then out of sight to the cameras, but I can see that car 53 steered a tight line. Car 53 is on the kerbs and turning tighter. 56 then appears to car 53’s right and contact is made (can be heard on footage). However, from this footage I can see that car 53 always had the inside line and thus had the corner. Therefore, I cannot apportion any blame for the contact on car 53.

You are reminded of your right of appeal. Any penalties applied will be recorded by Motorsport UK in accordance with NCR Ch.5a App.5 Art.2.3
