During race 2, marshals post 1.0 (Redgate In) reported cotact between cars 20 and 90, with 20 pulling off as a result, and car 90 continuing. Both drivers were asked to report to race control with any video evidence they have.

On reviewing video from both cars 20 and 90, car 90's video was discounted because it was mounted on the left-hand side of the car, therefore it did not show anything useful for the incident.

After interviewing both drivers, and showing them the video from car 20, it became apparent that car 20 had taken the inside line into Redgate, car 90 was just to his outside. Car 20 moved left and therefore contact was made.

I find that after rreviewing all the available evidence, and hearing the drivers' testimony I do not find that either driver was responsible for the incident. It appeared to be a racing incident with the cars in extremely close proximity.

Therefore, no further action will be taken.

You are reminded of your right of appeal. Any penalties applied will be recorded by Motorsport UK in accordance with NCR Ch.5a App.5 Art.2.3
