CIRCUITO DE NAVARRA MUCH MORE THAN SPEED

The Navarra Circuit is a versatile and unique venue, designed not only for motor racing enthusiasts but also for companies looking to offer their clients and teams a different, dynamic, and memorable experience.

Our environment combines excitement, learning, teamwork, and ideal spaces for incentives and networking. We design tailor-made events where fun and professionalism go hand in hand.

GUIDED TOURS OF THE CIRCUIT

Discover the inner workings of a professional motor racing circuit.

We offer guided tours where participants can explore and learn about:

- The circuit facilities
- Race control
- The pit lane
- The main racetrack
- Technical insights and anecdotes from the world of motor racing

It's a dynamic and engaging activity that surprises even those already familiar with motorsport.

KARTING: COMPETITION AND GROUP FUN

Our karting track is ideal for promoting healthy competition and strengthening team spirit.

- Rotating sessions: depending on the number of participants, while one group enjoys karting, others can take part in different activities
- Organised scheduling to optimise time and keep the day dynamic and engaging

Ideal for corporate events, incentive programmes, or client entertainment days.

SKID PAD DRIVING COURSES

An educational and exciting experience designed to improve safety and vehicle control.

The courses are delivered by Tecdrive, a company specialising in driver training with extensive experience.

- A fleet of vehicles provided by Tecdrive
- Practical training on our skid pad
- Real-life exercises to learn how to react in loss-of-control situations
- A highly valued and memorable hands-on experience

This activity is strongly recommended as a highlight of any corporate event.

DRIVING OR CO-DRIVING EXPERIENCES (MAIN TRACK OR OFF-ROAD)

At the Navarra Circuit, we collaborate with specialist companies that provide vehicles across various categories, along with professional drivers and instructors, to guarantee thrilling, adrenaline-filled experiences on our tracks.

These activities require a higher level of investment, but they also deliver exceptional satisfaction and impact. We will be delighted to advise you on the option that best suits your objectives and budget.

TEAM BUILDING ACTIVITIES: CONNECTING PEOPLE AND STRENGTHENING RELATIONSHIPS

The Navarra Circuit is much more than just engines and speed. It is an open-air space surrounded by nature, designed to help participants disconnect from their usual environment and reconnect with one another. A unique setting where companies can enjoy experiences that strengthen team unity.

We design team-building activities that combine participation, fun, and collaboration, always within a carefully organised and professional environment.

We offer activities such as:

- Corporate gymkhanas and team challenges
- Collaborative tasks with shared objectives
- Inflatables for adults and interactive icebreaker games
- Activities designed to help colleagues get to know each other beyond the workplace, promoting empathy and group cohesion
- Workshops on topics chosen by the client, such as non-alcoholic cocktail making or gastronomic experiences

These experiences allow participants to connect on a more personal level, improving mutual understanding while naturally fostering teamwork, communication, trust, and motivation - all delivered with careful attention to detail to ensure a seamless and rewarding experience.

GASTRONOMY AND NETWORKING SPACES

We have an on-site restaurant offering a range of options:

- Coffee breaks and light refreshments
- Business lunches
- Catering during working sessions
- Dedicated spaces for networking with clients or teams

Stepping outside the usual office environment and sharing relaxed moments in a unique setting helps promote a positive working atmosphere and strengthens professional relationships.

MEETING ROOMS AND EVENT SPACES

The Navarra Circuit offers rooms of various sizes, fully equipped for:

- Product presentations
- Corporate meetings
- Internal training sessions
- Talks and conferences
- Strategic workshops

We can adapt each space to meet the specific needs of your company.

CUSTOMISED EVENTS

Every company is different. That is why we design personalised proposals that combine activities, training, leisure, and gastronomy to create a unique experience aligned with your objectives.

Whether your goal is to:

- Build customer loyalty
- Motivate your team
- Present a new product
- Celebrate a distinctive corporate event

The Navarra Circuit offers an exclusive, professional, and versatile environment.
